### What is Star Wars?

Star Wars is a legendary film series that is about space. **Star Wars** have published Books, Novels, and Comics. There are web series also available of Star Wars. Star Wars is a famous franchise.

There are many games available on Star Wars: If you are playing the Star Wars the Old Republic Game, you know there are several characters you can choose from.

There are characters like Cather, Chiss, Cyborg, Human, Miraluka, Mirialan, Nautolan, Rattataki, Sith Pureblood, Togruta, Twilek, and Zabrak. You can generate the names for all characters.

Cyborgs are humans who have lost their body parts in some accident or war. After losing that body part, it is being upgraded with electronic devices, so they are being upgraded.
